

A Fully Integrated Cloud Based Point of Sale Solution.

A POS Solution built for Speed and Accuracy. Use TallOrder to help grow your business with an affordable and easy-to-use Point of Sale Solution.

Your All-In-One POS Software

Fast & accurate Point of Sale Software

TallOrder is a fast and accurate Point of Sale software, which helps you increase business revenue, lowers costs and provides customers with a satisfying experience. TallOrder allows for both online and offline functionality.

Smart reporting capabilities

The secure Cloud-based data warehouse enables flexible, fast and accurate reporting. Placing your business' key metrics at your fingertips.

Full, internal Inventory management system

Manage your products and pricing, control purchase orders, suppliers, stock levels and manage sales trends through reporting.

Loyalty feature

Loyalty programmes entice customers to return to your establishment, therefore increasing sales. TallOrder's Software can be set up to receive currency or points based rewards, allowing them to build and redeem when necessary. Loyalty tiers can also be set up.

3RD Party Integrations to cater to all business types and their specific needs

Accounting, Multiple traditional and alternative payment methods, Hotel/ Property Management and Vouchering Integrations

TallOrder Add-ons

ToGo Online Ordering App:

Extend your revenue stream with TallOrder ToGo! Let your customers order and pay directly from any device, anywhere. You approve the orders and prepare them for collection or once payment is made.

SlipApp Order Display Feature:

With SlipApp you can replace all your ticket printers with a paperless alternative. Process orders more efficiently, save printing costs and improve customer satisfaction.

TallOrder Now! Reporting Feature

The TallOrder Now Reporting feature allows owners to track all aspects of their business from their phone! From turnover to staffing, see data in real-time. Access TallOrder Now online anywhere, anytime, for free!

mytab Customer-facing Display

Using a second device directed towards the customers, mytab allows you to display orders, tax info, loyalty info, QR codes for payments and discounts to customers during the checkout process. mytab is a web-based application that can run on virtually any device, and it is also available across Windows, iOS and Android TallOrder POS devices.

PageMan Digital Signage

PageMan's cost effective, easy to use Cloud-Based Digital Signage Software Solution delivers your message to one or thousands of displays. PageMan's point of sale display products are a great option to incorporate into your business to engage with customers and help improve your sales.
