TALLORDER SOLUTIONS

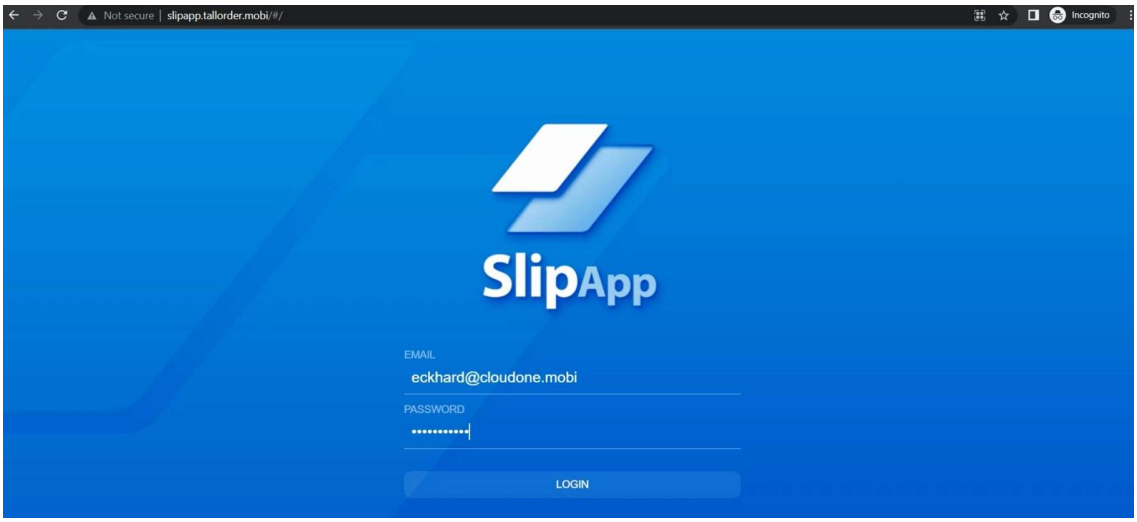
LOG INTO SLIPAPP

Log into SlipApp

Today we are going to be logging into the SlipApp application. The SlipApp application is accessed via your web browser. SlipApp enables you to display to your customers exactly what their current bills are.

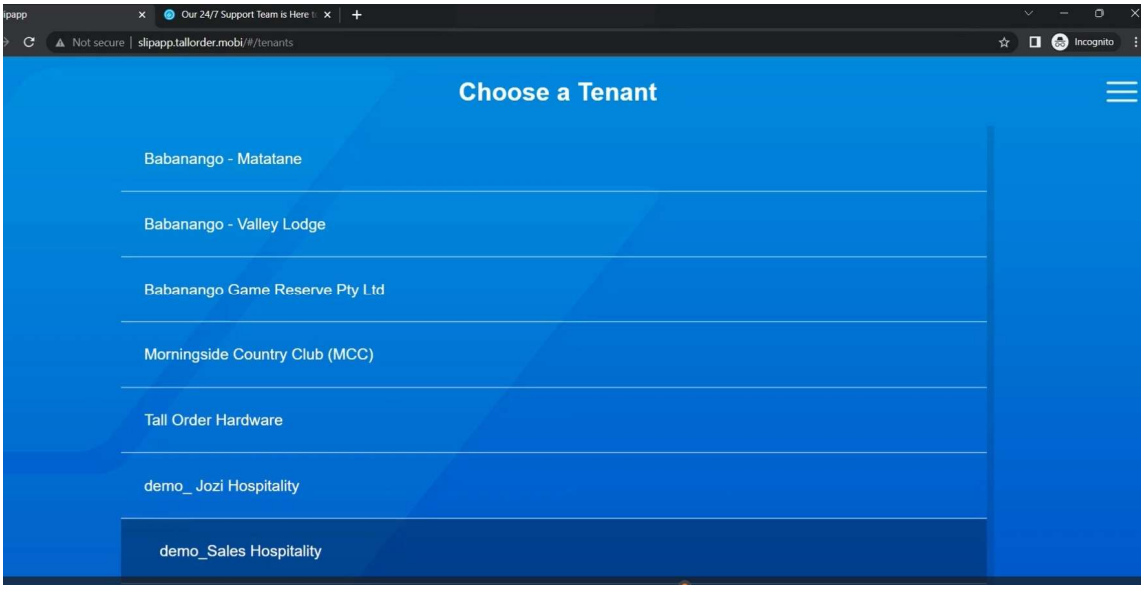
First thing to do is to navigate to the web browser URL and enter slipapp.tallorder.mobi. Your support or installation agent will also be able to send you this link at any time.

You will be greeted by this blue screen that will request you for your email address and password. Enter your email address and your password, and then all that you have to do is click on the sign in button.

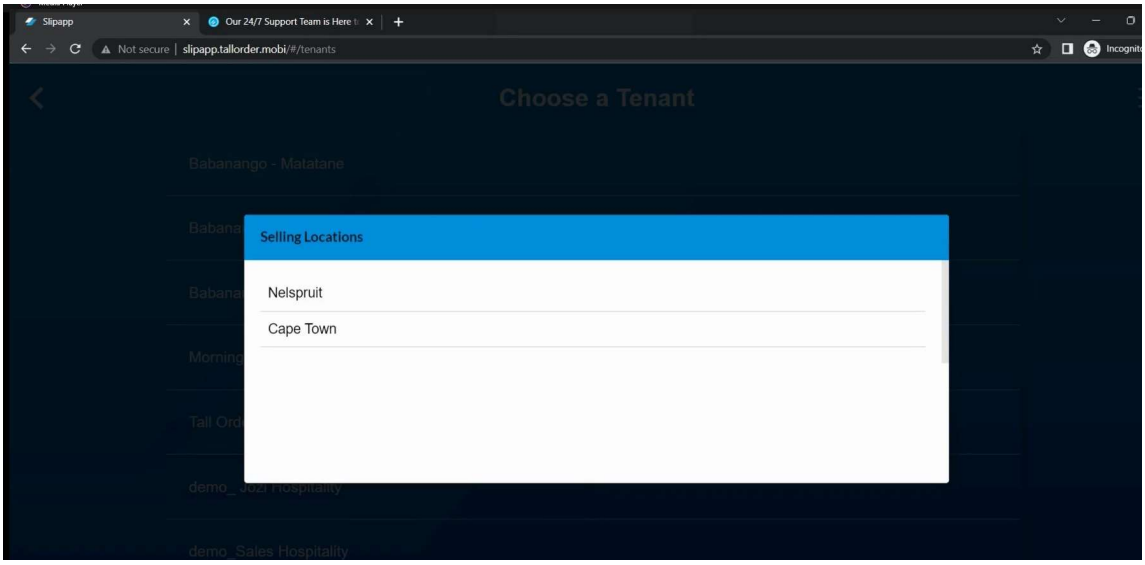


Workshop17 Tabakhuis, Corner of Tabak and Louws Street Paarl, Cape Town, 7646

From here, the system will load up a list of your tenants. In your case, you should only have one tenant.

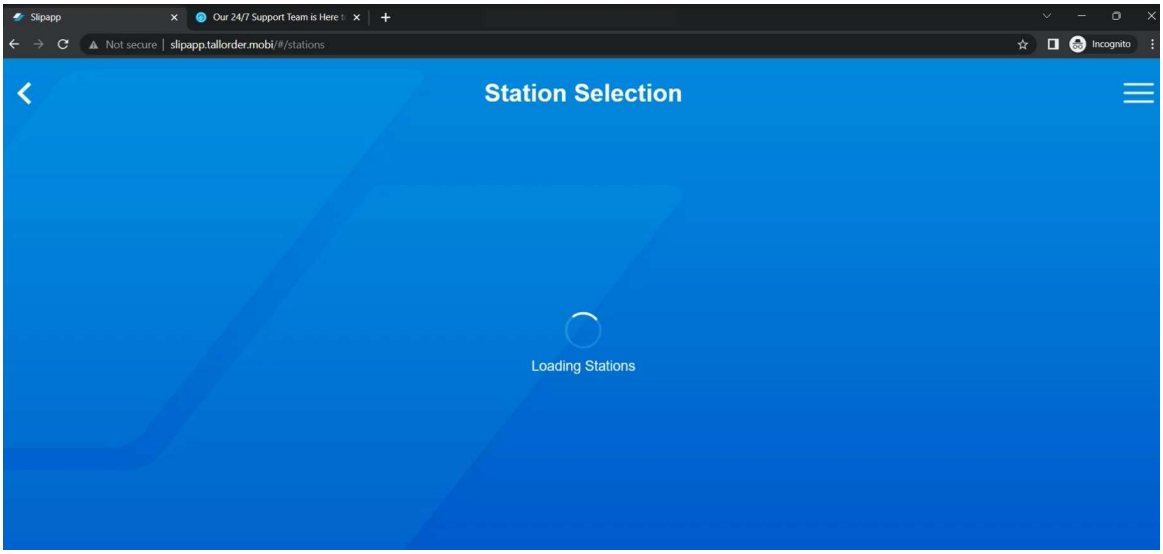


Once you select that tenant, the system will ask you for the specific location that you will be signing into.



Once you have selected the applicable location, the system will then pull through all the necessary information from the local devices.

Workshop17 Tabakhuis, Corner of Tabak and Louws Street Paarl, Cape Town, 7646



Should you need any further assistance, you can go to the TallOrder website and to support www.tallorderpods.com/support. Here you can log a ticket with us, or you can call us at any time or send us a WhatsApp.
