Your Message. Anywhere. Anytime

A cost-effective, real-time, cloud-based digital signage solution.
Manage your signage displays from anywhere, at any time.

Easy, Powerful yet Affordable

A highly cost-effective, cloud based Digital Signage solution.

A TallOrder Solutions product, proudly made and managed out of South Africa.

Runs on Android based displays, tablets and media players.

Offered for a small monthly or annual fee per device.

No servers nor backups required - all done using the secure and robust AWS public cloud platform.

Takes care of updates and maintenance of the software.

Accessible from anywhere at any time via browser app.

Download and share the media amongst devices on the same network to save bandwidth.

Automatically synchronize with other devices on the same network to create more complex signage when required

Allows for advanced scheduling by weekday, time of day and even specific date ranges.

PageMan Standard Edition

With so many Digital Signage Solutions to choose from, it can sometimes be difficult to find the right one that will suit the needs of your business size and brand objectives.

For businesses that are not single-store or start-ups, but not yet larger franchise or chain-store establishments, PageMan Digital Signage Solutions offers a software package for you!

PageMan's Standard Edition licence package is designed for small to medium businesses looking to run communication on multiple screens.

PageMan Professional Edition

Can be used on Touch devices and Touch history uploaded with Flight Reports.

Multiple Zones per Screen with support for a Schedule per Zone.

Support for HDMI-IN live video from external media source in own Zone in both Landscape and Portrait modes.

ShowNow Tags triggers a specific playlist based on activity from movement sensors, NFC, Geofences or external applications.

Global and Local Emergency Services.

Comprehensive PageMan API available for integration to 3rd party applications.

PageMan's Cloud-based Digital Signage Solution has a number of features that can benefit your business, such as:

- PageMan Gallery
- PageMan Schedules
- PageMan Customised Locations
- Global playlists
- PageMan Tags
- Location-based promotions
- Local Media Sharing
- PageMan Synchronization
- PageMan Widgets
- Multiple Screen Zones
