

Smart POS & Inventory Management for Lodges & Hospitality

Integrated with [ResRequest](#) | [myStock](#) | [Sage & Xero](#)

TallOrder & myStock Overview

TallOrder and **myStock** provide a powerful yet easy-to-use POS and inventory solution fully integrated with **ResRequest**, ensuring accurate guest billing, complete stock control and smooth financial reporting

Key Benefits

Full Recipe & Stock Control

Track every ingredient in stock with real-time inventory deduction using our recipe engine.

Simplified Room Charges

All POS transactions are posted directly to the guest's room in ResRequest — *no duplication, no missed bills.*

Live Reporting

Know what's in stock, what's selling, and what's costing you — *run accurate month-end reports with confidence.*

All-Inclusive Operations

Support for inclusive billing ensures accurate usage tracking — *even when guests aren't billed directly.*

Accounting Sync

Connect to Xero or Sage to automatically post sales, credit notes, purchases, stock movements, and petty cash.

Multi-Location Ready

Easily manage stock, transfers, requisitions, and reporting across bars, kitchens, or remote locations.

How it Works

tallorder
right now!

myStock

* Recipes, Stock, POs, Reporting

xero | **Sage**

* Post sales, credit notes, purchases, stock movements, and petty cash
