

# One Device. Total Control.

Everything in Hand

From ordering to payment, it's all connected  
— **simple, fast, and efficient.**

## TallOrder Solutions

**TOPay+** is a powerful mobile extension of your POS, designed to bring speed, flexibility, and control to high-volume service environments. By turning handheld devices into fully functional POS terminals, staff can take orders, manage tabs, and process payments directly at the point of interaction. This eliminates unnecessary back-and-forth, reduces wait times, and improves order accuracy. Whether used for table-side service, queue busting, or on-the-go transactions, TOPay+ enhances both operational efficiency and customer experience.

### The TallOrder Advantage

#### Fully Functional Mobile POS

Turn any handheld device into a complete POS — order, bill, and get paid anywhere.

#### Orders from Anywhere

Serve customers anywhere — ideal for peak trading and busy environments.

#### Tabs and Invoices in Real Time

View and update tabs or invoices instantly — no delays, no confusion.

#### Send Orders Straight to Kitchen

Orders go directly to prep — fast, accurate, and in real time.

#### Add Items to Existing Bills

Update orders on the spot without returning to the counter.

#### On-The Spot Payments

Process payments immediately — faster service, quicker table turns.
